Routine Notes

[To be used only for notes requisitions &c not intended for permanent record]

L G G Branch

1) Under existing orders, the Bureau of Sanitary Engineering, operates upon the grants in the Budget under 30 Grants for Public Improvements — for (1) Improvement of Water Supply in Towns & (II) Improvement of Towns and Minor Municipalities. Orders regarding the allocation of the grants among the several districts were issued by Govt last year according to the recommendations received from the Bureau from time to time

2) As requisitions for grants will be received throughout the year for Water Supply or Town Improvement Grants, it seems better to ask the Director Health to ascertain the requirement of the several Districts under these heads and send up proposals for the distribution of the grants, taking also into consideration the Commitments

relating to Tiruttani water supply have been put
up. The files relating to Tiruttani water supply
have been transmitted separately

11) As regards Tiruttani water supply fund have
so far paid Rs 17750 as reported by the
Dir of PHE that the scheme has been completed
at a total cost of amount Rs 58 600, and that

General and Revenue Secretariat | Rel File No 67 of 1933 1431

Serial No

The balance payable by Govt is Rs 10569 - Against this sum, the Director of Health has allotted a sum of Rs 6500 only the Tiptur municy was recently enquired whether they were willing to pay the balance payable by Govt after the allotment of Rs 6000 and odd during the current year towards their (Govt) share, subject to recoupments from the next year's water supply Grant the municy has pleaded inability to do so, for paucity of funds

17) The estimate sanctioned for the Arsikere water Supply Scheme amounts to Rs 26609 Contribution of half the amount viz Rs 13304 is payable by Govt on two instalments Hence an amount of Rs 6652 will have to be paid this year, the balance being paid next year The Director has allotted a sum of Rs 5200 only for this work This does not seem to the requirement

3/10 PS

16) The proposals of the Dir for the Distribution of the grants are forwarded

15) Re Contribution for Tiptur Water Works refd to above does for orders Whether in the event the whole of the Sum of Rs 10569 shall have to be paid this year, or only Rs 6319 as mentioned in the enclosure the Rect

File No of 193

General and Revenue Secretariat

has pleased readily to meet the balance and sanction the funds

20) Re Arsikere Water works, the last share of half the cost was ordered to be paid in two instalments in 1932 33 & 1933-34 subject to the availability of funds. Last year no funds could be spared & the sum proposed by Mysore Government to be given this year is only 5000 against the sum of Rs 13304 owed by Govt. At least half of this sum may perhaps be paid this year, leaving the other half to be paid over to the next year

(Few days) 7/10

21) As it is please bring up for discussion 12/10

22) May be approved tentatively as per statement put up.

23) The other two schemes (Water supply) Srirangapatna Kollegal & Closepet Kanara are not yet ready for sanction as the exact reserve of Rs 91594 is proposed by Government) 17-10

24) 21/10

21/10 Please note that the file has been sent to the Dewan

For the Hosdurga Water Supply only Rs 1750 need be given, as Rs 750 have been granted previously vide GO no L 8240 12 Rs 19 6 33

Letter No 41 dated 12th September 1933 from the Secretary, Krishnarajasagara Works, Bangalore, to the Sanitary Engineer, Rockefeller Foundation, Bangalore

---

Allotment of grant for works in the Krishnarajasagar Circle under "30 Grants for Public Improvements" for the year 1933-34

I write to state that a grant of Rs 5,000/- is applied for, for the formation of roads and sites behind Sree Anjaneya Swami Temple at the Yedatore New Town in the current year's budget under "30 Grants for Public Improvements". This budget estimate which was submitted to the General Secretary in April 1933 is requested to have been referred to out for necessary action. Owing to the fact that all the sites already marked in the New Town have been disposed of and the old Town is becoming unhealthy and due to the reservoir storage rising to 120 feet level, it is proposed to form new sites to meet the growing demand for new sites. The grant of Rs 5,000/- applied for in this connection is very urgently required in the interest of the people still residing in the old town for want of sites to build houses in the New Town. If the Government are pleased to kindly arrange to place an additional amount equal to allotment of Rs 5,000/- applied for under "30 Grants for Public Improvements"
